

**Together we grow, Together we achieve**

### **Reading Schemes**

At Pippins School we use Jolly Phonics and Letters and Sounds Schemes in Foundation and KS1.

For Guided Reading we do not adhere to any one reading scheme, as we believe in providing texts that have variety in language patterns; cross as many genres as possible e.g. narrative, fables, fairy tales, non-fiction, plays, poetry etc. and are inspiring.

We are also working at building up sets of 'real books' including picture books that will encourage a love of reading that extends beyond the Guided Reading session.

Sets of Guided Reading books are levelled according to Reading Recovery Colour levels and are shelved in these colour bands. As new sets of books are purchased, 'gaps' in the colour levels are assessed. Books by varying publishers are then considered, that give further variety of language pattern and genre.
