

## Week Commencing 04.05.2020

Hello!

I hope that you are keeping safe and well.

I've added some more files to the SEND home learning page. This week, it's a bank holiday for VE day so perhaps you would like to research VE day or make a special treat to celebrate – you could even make some red, white and blue decorations!

As always, feel free to contact me on [sdoherty@pippins.slough.sch.uk](mailto:sdoherty@pippins.slough.sch.uk)

### Life skills ideas for the week:

Care for a pet – can you groom or feed a family pet – make a schedule for everything that it needs.

Make a sandwich for someone who lives in your house – ask them what they'd like and remember what they ordered.

Tidying up – can you organise your toys and books – maybe you could label any toy boxes or shelves.

### Wellbeing ideas for the week:

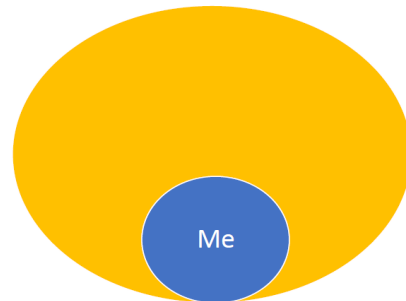

(all ideas can be found in the wellbeing pack on the SEND home learning page)

#### Beautiful world

Find the beauty in the world that we live in, what can you see that is beautiful – can you take a photo or draw a picture?

#### FEELING LONELY

You might feel lonely being inside by yourself. Write down people who care about you and are in your circle.

### Suggested websites and apps:

**Dyslexia tutor** – a free spelling tutor designed with dyslexia in mind

[https://dyslexiagold.co.uk/supportforschools?fbclid=IwAR0Vx5IxJGpavMd6a9eoyISz0yo\\_s\\_IU6yvBs4zMTz8hcrxxVylb5p30Fe8](https://dyslexiagold.co.uk/supportforschools?fbclid=IwAR0Vx5IxJGpavMd6a9eoyISz0yo_s_IU6yvBs4zMTz8hcrxxVylb5p30Fe8)

**Listening activities** – with faces from Cbeebies and CBBC

<https://www.bbc.co.uk/cbeebies/radio/andys-sound-adventures-democratic-republic-of-congo>

APP – mathletics

supporting maths through fun

## Activity ideas:

**Make an instrument** – can you use household materials to make an instrument? Can you make a stringed instrument or a percussion instrument?

**Dictionary corner** – use a dictionary to find 10 big words that are new to you. Write them down and put them around the house for a few days to help you remember them. Can you use them in sentences?

**Lego challenge** – You want to go somewhere amazing – build your dream holiday destination or theme park ride.

## DIY Lava lamp

# DIY Lava Lamps

**You will need:**

- Vegetable/sunflower oil
- Vinegar
- Food colouring
- Bicarbonate of soda
- Tall glass or bottle
- Spoon
- Small cup

1. Add three spoons of bicarbonate of soda into the tall glass or bottle.
2. Fill two thirds of the container with oil – but don't mix!
3. In the small cup, add some vinegar and several drops of food colouring.
4. Slowly add drops of your coloured vinegar into your oil/bicarb mixture and watch your lava lamp come to life!

Why not try adding different colours to your lava lamp?

**THE SCIENCE**

Oil and vinegar do not have the same density (how heavy something is for its size). Vinegar is more dense than this type of oil - that's why it sinks to the bottom of the container.

Once the vinegar touches the bottom of the container, it reacts with the bicarb. This chemical reaction creates bubbling carbon dioxide which rises – these are the bubbles you see within the container.
